STRIKES.

Having printed a constitution of the Amalgamated Association in which three important clauses were eliminated, the strikers assumed an attitude of defiance during the Pittsburgh conference last week, and had put to him. The other members of the executive board, however, seemed to be in accord with the strikers.

(BY THE NEW ASSOCIATED PRESS—P.M.)
PITTSBURGH, Sept. 1.—The strikers stole a march on the manager of the Star tin-plate mills at about midnight tonight, and took from him nine of a party of twelve non-unionists who were being taken to the mill. The men arrived over the Pennsylvania Railroad from Philadelphia about 11:30 p.m. and were met by a large force of policemen, who had orders to see that they were safely landed in an omnibus to be driven to the mill at Twelfth street. The policemen at the union station performed their duty successfully, but after the vehicle left the station it was surrounded by a crowd of 300 strikers. Stones and vile epithets were hurled at the newcomers, and in spite of the efforts of the police to see to it that the strikers reached the mill ahead of the non-unionists, completely overpowered the two lone policemen stationed there, and literally carried off the strikers. When the men in a hotel on Liberty avenue, the other three being pulled into the mill yard by the company police.

PISTOL DUEL ON SANTA ANA STREETS.

HARRY DILGES OPENS FIRE ON TWO OFFICERS.

They Return It and Twice Empty Their Pistols Before Capturing Him. Over Twenty Shots Fired, but Only Two Take Effect—Wounds Not Serious.

SANTA ANA, Sept. 1.—[From The Times Resident Correspondent.] Harry Dilges is lying in the County Jail with two gun-shot wounds in the lower part of his left leg as the result of a pistol duel between him and two officers of the Santa Ana police force.

Dilges lives in a little house on South Main street with a wife and five small children. He came to town yesterday with a load of melons, which he was peddling out, and during the afternoon he was stopped by a bicycle which was leaning up against the curb on Fourth street in front of Bunker's store. The bicycle belonged to a small Spanish lad and was badly broken. Dilges was asked to make the damage good, which he first refused to do. Later, however, under pressure brought by the City Marshal, he took the bicycle to Bunker's cycler and paid \$2 to have it repaired.

This seemed to prey upon Dilges's mind to such an extent that he began to drink and later in the day he was found to be considerably under the influence of liquor. Then he went to a second-hand store and bought an old revolver and a handful of cartridges. He went home about dark, but soon came back up town. Later he told him with a resident from across the river who had been at one of the gambling joints near the center of town, and Dilges claims that he was trying to get his friends whose name he does not remember, and who was quite drunk, to go home.

This was between 3 and 4 o'clock this morning, and about the same time Officers Murray and Baker came upon Dilges near the alley on Sycamore street, between Third and Fourth streets. Here, according to the story of one of the officers, Dilges was told to go home at once, and without any further parleying. To this Dilges objected and some words were passed, when Dilges asked Murray for a match. The officer started to light one, when Dilges turned his back to the officers

and lighted a cigarette, after which he turned upon them, at the same time drawing a gun from the boom of his shirt and, aiming at Murray, who was only about five paces away, pulled the trigger. Fortunately the gun did not go off. Dilges stopped back a few paces and aimed at the officers again. This time the bullet went whizzing between them, and found lodgment in the old frame shed at the rear of Hill's bicycle store. The officers then drew their guns and opened on Dilges, and for the next few minutes, there was a lively fusillade, each of the three men emptying his weapon.

Dilges struck twice in the left leg, one bullet striking the bone, below the knee, and the other passing through the calf of the leg. Both of these then returned to the City Jail to await the arrival of a physician. Dilges returned to the City Jail to await the arrival of a physician. Dilges returned to the City Jail to await the arrival of a physician.

W. W. Crozier, Will Parker, Esq., and Earl Morris succeeded in capturing Dilges last night at being brought to a few days ago. The capture was made near Rocky Point, while the three gentlemen were enjoying a quiet sail on the bay. The boat was received here, and they passed a strong cord, and in this manner landed the slippery specimen, which was a little over five feet in length, and weighed twenty-five pounds. The skin has been preserved.

Mrs. J. F. Bradbury was struck by a wheel, ridden by Miss Buell, yesterday afternoon on Fourth street, and carried into a nearby drug store, where she was lying on a cot. Miss Buell was not injured by the contact.

J. W. Grigsby has purchased the electrolytic manufacturing plant at Garden Grove from Lane Bros., and has moved the same to this city. Information has been received here to the effect that the Santa Ana Oil Company at Newhall has begun pumping out from well No. 2, a quantity of oil producing 100 barrels of oil per day. This company is controlled by Santa Ana.

Mrs. M. Light and son, Harry, returned to Santa Ana yesterday, after an absence of about a year in New York. Light has been in the city for a few weeks. The family will make Santa Ana its home.

Miss Alice Brown has gone to San Diego to attend the Normal School.

Dilges's reputation as a fighter. He has had several fights with other officers here in recent years, and is known as a hard character to handle, particularly when under the influence of liquor.

An examination of the scene of the battle today shows numerous bullet holes in the walls of the adjacent buildings.

LIGHTING QUESTION. The meeting of the Board of City Trustees Monday evening promises to be one of the most interesting sessions of that body for the past several months. The question of reducing the street lights in certain sections of the city will come up and petitions have been signed by residents in the affected quarters requesting the board to vacate its order doing away with the lights.

The position of the board is that there must be a reduction in the running expenses of the city government, and they are inclined to take the bit in their teeth and do what, in their judgment, seems for the best interests of the city.

WRECKED AT REDONDO.

Pleasure Launch Goes Ashore With Thirty People Aboard.

REDONDO, Sept. 1.—[From The Times Resident Correspondent.] The Morning Star, a two-masted gasoline launch owned and manned by Jack Nevins, assisted by Guy Griffith, used for the purpose of conveying fishing and pleasure parties in and about this vicinity, was wrecked while making a landing at 5 p.m. today, loaded with about thirty passengers, twelve of whom were women. All on board were saved and with but slight injury to anyone, except, of course, to the vessel.

As the boat steamed along, the rope was thrown ashore but was not caught, and slipped back into the water. Before it could again be thrown the boat had passed the landing and was running toward land at a good rate of speed. The engine reversed the engine, but too late, as the boat had grounded, the tide being very low.

There was great excitement both on board and ashore. One small dory was quickly lowered, filled with passengers and brought ashore, but before it could return for another load the people had commenced jumping off into the water. Prof. E. P. Macey and other bystanders rushed into the water, and as the frightened passengers leaped from the disabled boat they assisted them ashore.

After everybody had been rescued the crew turned their attention to the saving of their boat. Capt. Woolley, of the launch Ruby, soon had his boat alongside and made several attempts to pull the Morning Star out to sea, but it was useless as she had partially filled with sand. Ropes were fastened to the bow of the vessel and she was pulled ashore.

THE MODERN MACHINE SHOP. It is a Far Less Nasty Place Than was Its Old-Time Predecessor—Olden Sources of Noise.

"As compared with the old-time shop, with its incessant clatter and din," said a shop superintendent, "the modern machine shop must almost be described as noiseless."

"You used to hear in such places a constant rattling of wheels and a more or less continuous sounding. Now you might go through a big shop from top to bottom and never hear a hammer stroke, or a turning lathe, or a smooth, uniform hum; a noise, to be sure, but not half so much in volume as that heard in the old-time shop, and actually musical as compared with it. All this is due to vastly improved modern methods of work and enormously improved modern machines."

"In old times they used to chip and file all flat surfaces. You can imagine that sort of racket made by an old-time planer, which did the work better and, of course, at far less cost, and which gradually did away with most of the chipping and filing. The planer can scratch some now; but that doesn't mean to make the noise it used to, and the noise it does make is not to be compared with that of the chippers and files."

The old-time gear wheels were far more rattly and noisy than those of today. Extensively used in machine shops in one way or another, such wheels were formerly all cast. Nowadays gear wheels for use where such accuracy is desired, are made by automatic gear-cutting machines, which cut the teeth on them with mathematical accuracy. Such wheels as these are themselves beautiful productions of machine tool work; and when they come to be brought to use they make a noise more and more into use, their new adjustment, one to another, far less noise than the old-time ordinary cogged wheels.

"Another common source of noise in the old-time shop was found in the pounding of work of any sort that was to be turned on arbors in the lathes. There is nothing of that sort, or next to nothing, done in machine shops nowadays; that is, in the shops with modern equipment. Such work is pressed on the arbor, noiselessly, with a compound screw; or by hydraulic power, or by steam power, the work being pressed off the arbor, when finished, in like manner."

"In old times when they wanted to cut off a bar of steel they used to send for the blacksmith and his helper, who would come in with sledges and chisel and pound away at it. Now they would send such a bar to the cutting-off machine and have it sawed off, with no noise at all."

"Hack saws, of course, are old, but nowadays there are used for sawing metals in machine shops lots of power hack saws; these saw a great deal of the time, and incidentally, sparing the shop a whole lot of cold chiseling and hammering."

"In short, the work in machine shops is nowadays more and more of it being done by wonderful labor and time-saving automatic machine tools that are comparatively noiseless in operation; and in handling the work power is brought more and more into use, and so, with these improved methods and appliances, the modern machine shop is far less noisy than its old-time predecessor."—[New York Sun.]

BEANS MILDEWING NEAR SANTA MARIA.

RANCHERS SUFFERING THE CROP TO PREVENT LOSS.

Articles of Incorporation of New Savings Bank Filed and Institution Soon to be Opened—Village of Los Olivos Being Moved.

SANTA MARIA, Aug. 31.—[From The Times Resident Correspondent.] The bean crop near the Coast is reported to be mildewing badly. Ranchers are suffering their crops in the hope of saving them. No pest is so destructive to the bean as the mildew. As the valley, with territory adjoining, is the chief section of the State for the navy bean, it is thought the State average crop will not be good. Owing to the sale of all of last year's crop, 2½ cents is now offered for the small whites, but ranchers are slow to contract for even so good a figure. The offer is made in order to fill early demands and will be a good one until October 15. The field of pink beans will be light throughout this section.

NEW SAVINGS BANK. Articles of Incorporation of the Valley Savings Bank of Santa Maria have been filed with the County Clerk. The capital is \$25,000, 1000 shares at \$25 each. The following are named in the documents: W. H. Brown, M. M. Thorne, J. R. Bonetti and L. E. Blockman of Santa Maria, and A. J. Souza of Guadalupe.

The State Board of Equalization has completed its assessment valuation of the railroads in this county. The Pacific Coast road is valued at \$1,250,000 and the Southern Pacific at \$1,100,000.

MOVING A VILLAGE. During the past two months the town of Los Olivos, the terminus of the Pacific Coast Railroad, has been moved house by house to the large town of Santa Maria.

The town was but a country village that grew up with the incoming of the railroad, and its hotel was the stopping place for passengers en route to the south through this Coast section. But now that the Southern Pacific has been completed, all travel has been diverted from this old town to Santa Maria.

A dangerous fire started in the house near the Orella ranch a few days ago. The blaze started near the kitchen and spread toward the main building. The fire was extinguished by the Santa Maria fire department.

The Misses Pauline and Laura Merritt have gone to San Diego to resume studies at the State Normal School.

W. F. Miles has gone to Newcomb Springs, San Luis Obispo county, where he will remain for some time. Attorney F. E. Taylor left yesterday evening for Santa Barbara to attend court.

Mrs. Robinson and son of Santa Maria are visiting relatives at Santa Ynez.

Dr. W. F. Lucas left Wednesday for San Francisco on business.

SANTA BARBARA. ART RECEPTION. SANTA BARBARA, Sept. 1.—[From The Times Resident Correspondent.] An exhibition of arts and pictures was held at the Manual Training School yesterday, at which there was a large attendance. The reception was under the direction of Miss Emily Lamb, drawing teacher of the High School, and who was assisted by the other teachers. A number of large pictures have recently been presented to the Manual Training School, and the arts were purchased for the High School with money raised by an exhibition held at the Arlington school in the past.

There is no place for them in the present High School building, and they will have to be stored until the new one is finished.

HACK FROM BEAUMONT. F. E. Kellogg, one of the organizers of El Beaumont Consolidated Oil Company of this city, has just returned from the Beaumont oil field, where he has been on a tour of inspection.

He met the stockholders and their friends at Army Hall. Between 400 and 500 persons were present, and all were very much interested in Mr. Kellogg's vivid description of the oil wells and the method by which one of them is gotten under control when first struck. He said that the output of their well was greater than others in the vicinity, which he measured 100 barrels a day, and that there was a splendid market for the product.

Just after the meeting was called to order, Mr. Kellogg presented a handsome gold watch by the other promoters of the enterprise, to show their gratitude for his watchfulness and interest in the work he has had charge of.

SANTA BARBARA BREVITIES. Public Administrator Ruis appeared before the Superior Court yesterday to show why his office should not be vacated on account of insufficient bond.

Mr. Ruis had a new bond ready, which was approved by Judge Day, and he will therefore continue in office.

Capt. Miner of Los Angeles and Lieutenant Commander Noble of the Sixth Division, Naval Reserve, stationed here, yesterday examined the boats of the division, condemning one and ordering repairs made on the other. The boys are very enthusiastic over the examination.

ROOM IN BUILDING. RIVERSIDE, Sept. 1.—[From The Times Resident Correspondent.] An unusual amount of building is going on during what is usually the dull season of the year. To say nothing of the residence building, which is being built in the city, there is a small boom in new business blocks. The Frost Block on Eighth street, and the Evans Block on Main street, are under way, and will be ready for occupancy within a few weeks. The walls of the new Frost Block on Eighth street, and the Evans Block on Main street, are under way, and will be ready for occupancy within a few weeks.

The addition to the Shelly Block on Main street will soon begin to show. Ground has been broken for the water company's proposed new building on Main street, and work has also been commenced on excavations for the new building on Magnolia avenue.

A party consisting of County Clerk W. W. Phelps and family, County Auditor W. B. Clancy, wife and children, County Tax Collector O. J. Jones, and Mrs. E. D. Phelps, returned last evening from a five weeks' camping trip in Bear Valley. During two weeks of their stay in the mountains, they had almost continuous rain. The nights were cold, but the day was bright, and all of the party returned in the best of health.

George Post returned yesterday from an extended eastern trip. In the big eastern cities, where he had business dealings, he reports the times as exceedingly good, and business of all kinds flourishing. The situation does not seem to be any check to business, except at San Francisco, where he found it much more in evidence than elsewhere.

A special tax of \$2000 was voted in the Magnolia school district Thursday for the purpose of enlarging and improving the schoolhouse. In the Jurupa district, a special tax of \$250 was voted.

Maurice Griffin has returned from Cuba, and will go into business here this fall.

Mr. and Mrs. Frank Piquet, Jr., have returned from their outing at the coast.

Mr. and Mrs. J. F. Tibbet are back from Coronado. Miss Julia Hardman is home from Ocean Park.

Cottage is Burned.
The explosion of a gasoline stove in the cottage of J. W. Kessler of 827 Vermont avenue, just before 4:30 p.m. yesterday morning resulted in a fire which caused damage to the amount of \$250. The house, which is insured for \$250,000, was damaged to the extent of \$200. The balance of the loss is on its contents. The fire was extinguished by the department, which responded to a telephone alarm.

Carried a Revolver.
Joe George, a colored waiter, was arrested on Spring street early yesterday morning, and charged with carrying a concealed weapon. He was released when he showed a permit to carry a revolver which he did not intend to use. George said he was found in one of his pockets, but was going to have it repaired. His arrest followed when a policeman saw him transfer the revolver from one pocket to another.

Death of Kirk W. Tiffany.
After a short illness of appendicitis and a surgical operation which was too long postponed, Kirk W. Tiffany died at the Pacific Hospital Saturday. He was a traveling salesman for the Warren & Bailey Manufacturing Company and had lived in Los Angeles since last winter. He made many warm friends here and was a regular contributor to the Broadway Christian Church, where he will be greatly missed. Rev. B. F. Coulter will conduct the funeral service.

Got Clothing Without Pay.
Jim Morrison, an old man who has become well known at the Police Station because of his frequent enforced visits there, is now a prisoner in the battle with prospects of spending a few days on the chain-gang. Morrison was charged by a Los Angeles street clothing dealer with having purloined some underclothes and a pair of socks. The articles were secured by him yesterday morning. After he had put them on, the dealer says, Morrison put the price on the counter, but recovered the money and left the store.

To Observe Labor Day.
The Council of Labor yesterday completed arrangements for the celebration of Labor day today. The parade is intended to be the chief feature of the celebration, and those in charge were claiming last night that they would have men in line. They could not say where they expected so many men to come from, but were nevertheless confident that the parade will be one of the largest of the kind ever seen here. The formation will be at Ninth and Main streets, and the column will move at 9:30 o'clock this morning. In the afternoon there will be a special programme of sports at the Chouteau.

That Leg-rolling.
On September 3 the various camps of the Modern Woodmen of America will hold their annual leg-rolling at Santa Monica. The camps throughout this portion of the State have promised large delegations and will assist in making the day a memorable one. Good speakers have been secured, and every available court, pavilion and bicycle track at the resort has been reserved for the day. The merchants of this city are preparing to have a big day. The day's exercises will conclude with a ball.

HUNTING FOR "BOSSIE."
KANNAN CITY, Sept. 1.—"Bossie" Kanna, the murderer of Miss Mary Henderson at Columbus, Mo., last Wednesday, has not yet been apprehended, and many people believe he is no longer near the vicinity of Johnson county. Sheriff Koch at Warrensburg has notified that a negro was arrested yesterday morning at Clinton, Mo., and a photograph of the prisoner will be furnished to the Sheriff for identification. Information against Charles and Frank Orison and Emmett Davenport, charged with being accessories after the fact for the murder of Miss Henderson, have been filed at Warrensburg. Their preliminary hearing will be held there Wednesday.

A RURAL CAMP MEETING COMES TO A CLOSE.

HOLINESS CHURCHES STATION ELDERS FOR ENSUING YEAR.

Three Gospel Tents Will Be Kept in Field During the Season—Camp Ground Near Downey to Be Planted to Eucalyptus Trees—Thursday's Meeting.

The annual assembly of the Holiness Churches of Southern California has closed its sessions and camp meeting held on the association camp ground near Downey, and the elders are stationed for the ensuing year as follows: Anaheim Valley, E. P. and O. H. H. Kyle; Bolea, R. H. Winslow; Boyle Heights, George Quikan; Burbank, R. F. Bicker; Carpinteria, R. Cauch; Downey, Alfred H. Morgan; East Los Angeles and Cypress, William H. Perleton; Gardena, J. M. Roberts; Long Beach, Lewis M. White; Los Angeles—East Ninth street, Hovey A. Foster; Los Angeles—Mission, No. 215 West Fourth street, S. D. White; Murietta, R. G. Blackwell; Norwalk, O. J. Walther; Matney, Ontario, A. H. Dugdale; Pasadena, L. Parker; Pomona, J. E. Langen; Redlands, A. L. and Alice J. Whitting; Santa Ana, George M. T. Santa Barbara, William Miller; Sawtelle, M. F. Williams; Whittier, to be supplied.

Besides these regularly-stationed pastors, it is the intention of the board of elders to keep three gospel tents in the field during the season, holding services in towns where their churches are not yet organized. This church owns a twenty-acre camp ground near Downey, covered with native willow trees. These are being replaced with eucalyptus trees, over three thousand of the latter having been already planted. Plans are made to make this tract one of the finest camp grounds in Southern California.

An all-day union meeting of the seven churches in and immediately around Los Angeles will be held at Burbank next Thursday.

FELL FROM A CAR.
Mrs. Littman Davidson of No. 737 South Spring street fell from a cable car at the corner of Hill and Temple streets just before 1 o'clock last evening, and sustained serious injuries to her left arm and her face. She was taken to her home in a carriage, and Dr. J. W. Truworthy waited on her. Mrs. Davidson, with her husband and two children, was returning home, and started to get off the car at Hill street. The woman carried a baby in her arms, and just as she started to step from the car it gave a lurch forward, throwing her to the ground. Her arms were protecting the child, so she fell on her face. Blood flowed profusely from her nose, and her face was otherwise bruised. Her left arm was lacerated and cut in several places.

What People Want!

HAIR SOFT AS SILK. New Scientific Treatment Kills Dandruff Germs and Makes Hair Soft. It is an accepted fact, a proven fact, that dandruff is a germ disease, and it is also a demonstrated fact that Newbro's Herculicide kills the dandruff germ. Without dandruff falling hair will stop, and thin hair will thicken. Herculicide not only kills the dandruff germ, but it also makes hair as soft as silk. It is the most delightful hair dressing made. It cleanses the scalp from dandruff and keeps it clean and healthy. Itching and irritation are instantly relieved, and permanently cured. At all druggists. This is nothing "just as good." Take no substitute. Ask for "Herculicide."
